# The Will Writing Business

**Congratulations on taking this important step forward, getting started really is the hardest part!**

Before you can finally check this important item off your to-do list you'll first need to ensure you have key details on hand. We don't want to send you on a scavenger hunt mid-process, so this worksheet will help you organize everything in advance.

**First things first, a quick disclaimer:**

This is NOT your actual Will. It's simply a guide to help you organize your information so that once you start the process online, you're ready to rock and roll! Once armed with your filled out worksheet, you'll be able to complete your own Will or assist someone in preparing theirs.

Our service over at [www.uslegalwills.com](http://www.uslegalwills.com) walks you through the entire process step by step, allowing you to save your progress and return at any time. When you're done, you'll be able to download and print your Will, but to make your Will legally valid, you will need to sign it in the presence of two witnesses who are not beneficiaries (or spouses of beneficiaries).

**If you have any questions, our team is here to help!**

Reach out to us at [support@uslegalwills.com](mailto:support@uslegalwills.com) or explore the resources on our website. With over 25 years of experience, we've likely answered every question you can think of! Our sole goal is to make this process as simple and stress-free as possible.

**Now that we've gotten that out of the way, let's get started!**
